Aims and Scope

Annals of Science, launched in 1936, publishes work on the history of science, technology and medicine, covering developments from classical antiquity to the late 20th century. The Journal has a global reach, both in terms of the work that it publishes, and also in terms of its readership. The editors particularly welcome submissions from authors in Asia, Africa and South America.

Each issue contains research articles, and a comprehensive book reviews section, including essay reviews on a group of books on a broader level. Articles are published in English and the Journal welcomes proposals for special issues on relevant topics.

The Editors and Publisher are committed to supporting early career researchers, and award an annual prize to the best submission from current doctoral students, or those awarded a doctorate in the past four years. For more information please visit: <http://explore.tandfonline.com/page/est/annals-of-science-student-prize>.

The Australasian Journal of Philosophy (AJP) is one of the world's leading philosophy journals. Founded in 1923, it has been continuously published ever since. It is recognized as one of the best in the analytic tradition, but is not narrow in what it regards as worthy of acceptance. Heavily cited in the general philosophical literature, it is covered by all the major abstracting and indexing services, including the Arts and Humanities Citation Index® which provides access to current and retrospective bibliographic information and cited references found in the world's leading arts and humanities journals. In addition to Articles and Discussion Notes, the journal publishes Book Reviews and Book Notes as well as occasional commissioned Critical Notices.

The journal is read world-wide and has recently published contributions from North and South American, European and Asian as well as Australasian authors.

Australasian Journal of Philosophy Archive

Institutional subscribers to **Australasian Journal of Philosophy** can enjoy electronic access to the journal's rich archive as Routledge has completed the digitisation of the entire run of the journal. Access to this archive is included with all institutional subscriptions and will continue to ensure that **Australasian Journal of Philosophy** remains indispensable to all those working in the field.

Australasian Journal of Philosophy Best Paper Award

The Best Paper Award is an annual prize awarded by the AAP, in connection with Routledge. For more information on the award, click here. To contribute a paper to the Journal and thus be eligible for the award, please refer to the submissions instructions of the Journal.

The BULLETIN, the JOURNAL and the REVIEW OF SYMBOLIC LOGIC are the official organs of the Association for Symbolic Logic, an international organization for furthering research in logic and the exchange of ideas among mathematicians, computer scientists, linguists, and others interested in this field. The BULLETIN encourages submissions of *Articles* and *Communications* in all areas of logic, including mathematical or philosophical logic, logic in computer science or linguistics, the history or philosophy of logic, and applications of logic to other fields. It also encourages the submissions of abstracts for doctoral level theses in logic. The BULLETIN also publishes reviews of publications in logic.

Thesis abstracts editor

Christian Rosendal rosendal@math.uic.edu

Articles present topics of broad interest in a way that is accessible to a large audience. They can be purely expository, survey, or historical articles or they may contain, in addition, new ideas or results or new approaches to old ones.

Communications should be announcements of important new results and ideas in any aspect of logic; they may be short papers in their final form or preliminary announcements (extended abstracts, position papers) of longer, full papers that will be published elsewhere. In any case, they should include, in addition to a description of the new results or ideas, enough history, background, and explanation to make the significance of the work apparent to a wide audience. *Communications* will be quickly refereed and published within six months of the submission of final version.

To submit *Articles* or *Communications* please follow the procedure described at <http://www.aslonline.org/journals-bulletin-guide.html>

To submit *Thesis Abstracts* please follow the procedure described at <http://aslonline.org/LogicThesisAbstracts.html>

Books for review in the BULLETIN should be sent to ASL, Department of Mathematics, University of Connecticut, 341 Mansfield Road, U-1009, Storrs, CT 06269-1009, USA.

POLICY

The *History of Philosophy Quarterly* welcomes articles in English on any aspect of the history of philosophy. However, only self-sufficient articles will be published, and not news items, book reviews, critical notices, or "discussion notes" (short or long). The journal specializes in papers of a particular sort, those manifesting a strong interaction between contemporary and historical concerns. Either historical material should be exploited to deal with matters on the agenda of current discussion, or present-day concepts, methods, distinctions, arguments, etc., should be used to illuminate historical questions.

SUBSCRIPTIONS

The journal is published four times a year in January, April, July, and October. The subscription price for 2020 is \$353 (print or electronic only) or \$397 (online and print) to institutions, \$60 to individuals (back issues: institutions \$90, individuals \$40). All correspondence regarding subscriptions, renewals, back orders, and related matters regarding the distribution of the journal should be addressed to the subscription agent: Journals Department, University of Illinois Press, 1325 S.
